WORKSHOP ACTIVITIES

What can we achieve ?

Two activities to participate in where we can move ideas into action.

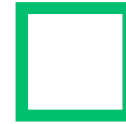

1. Individually or in groups, update the 'clean' maps with dots to indicate where each theme would be most applicable.
2. An interactive group session where we can move ideas into action.
There are 4 'buckets' to fill -

Simple actions
(let's do it now!)

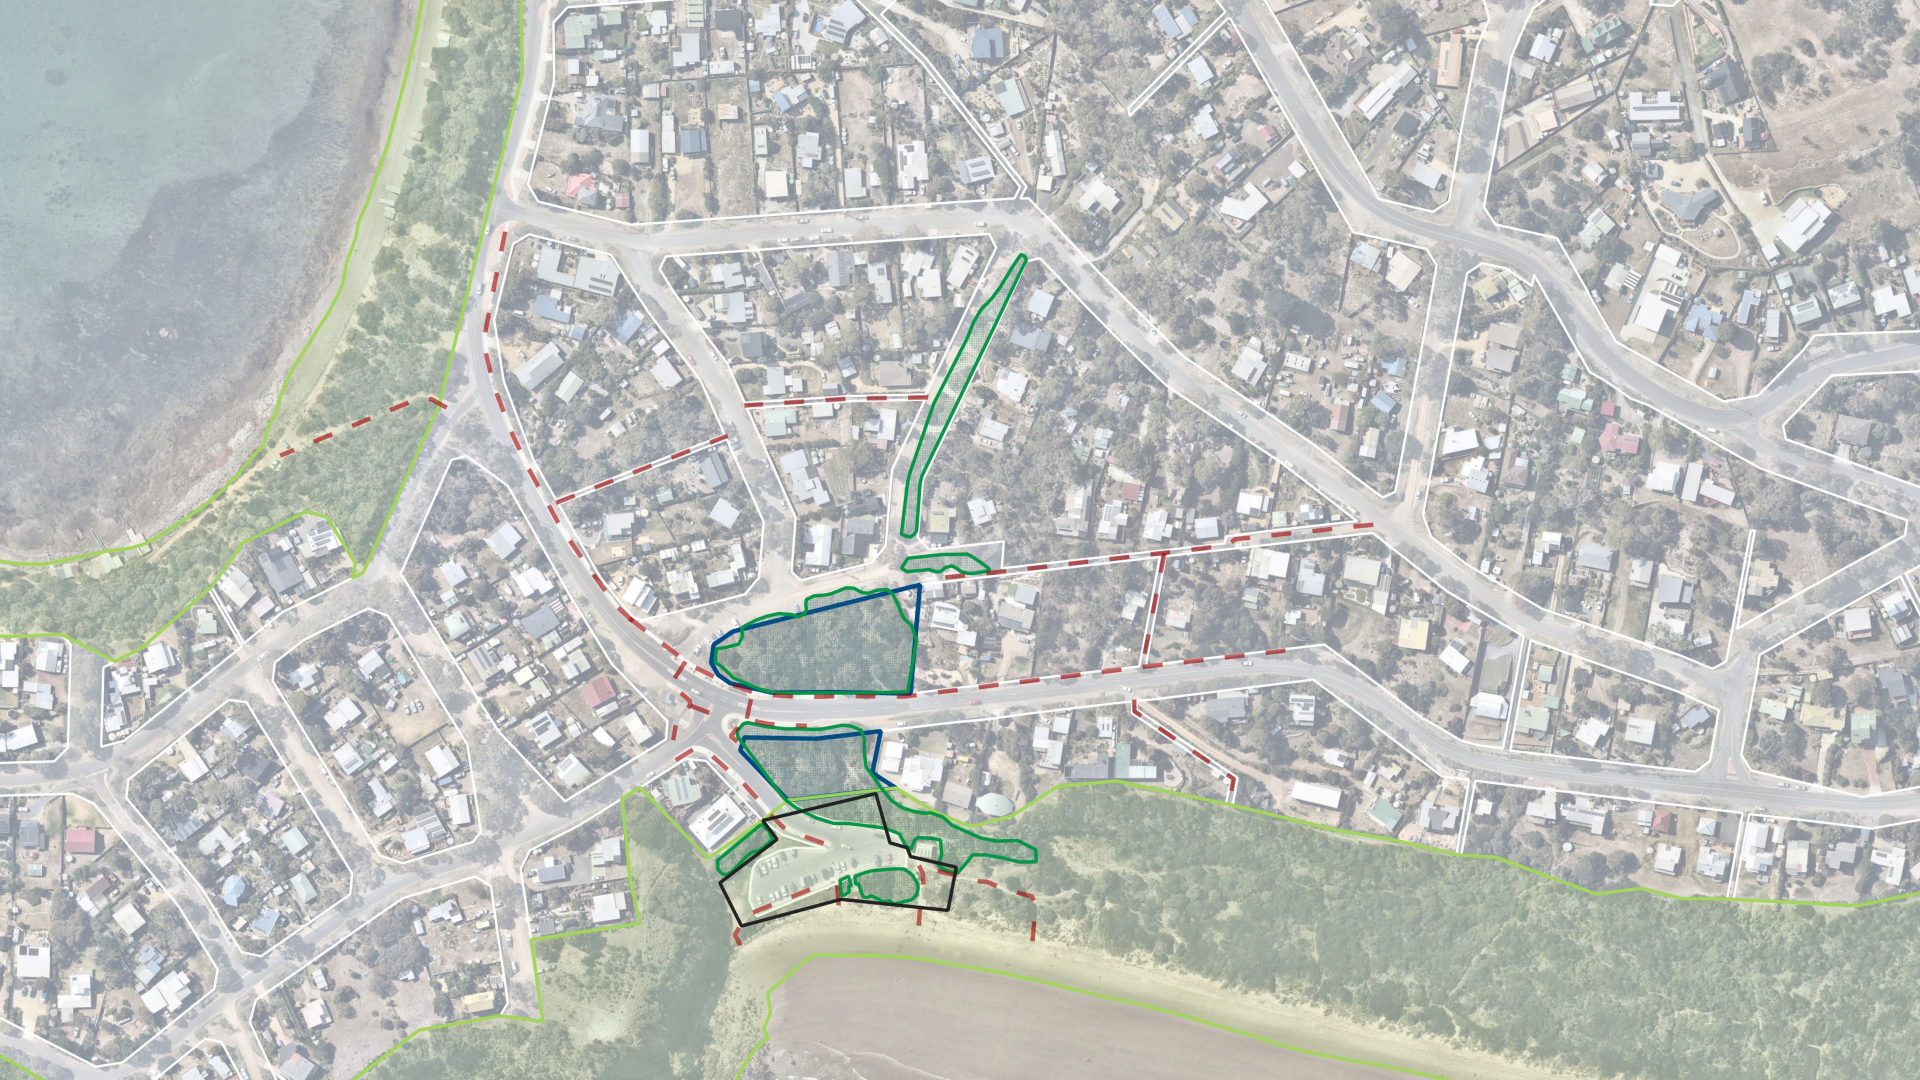

Actions that need
collaborative
partners
(like DSG Roads or
Crown Land)

Great ideas to
plan and budget
for

Great ideas, but
not right for our
community
